Inspector-General of Biosecurity

Erratum: Pest and disease interceptions and incursions in Australia, review report no. 2018–19/05

Page 47, Table 12 Major plant pest and disease incursions, 2010 to 2018

In column 4, row 15, the pathway 'Fresh cut flowers' for pest/disease Russian wheat aphid (*Diuraphis noxia*) is incorrect. It should read 'Unknown'.

Year	Pest/disease	Incident type	Pathway	Location found	Response outcome (February 2019)
2016	Russian wheat aphid (<i>Diuraphis noxia</i>)	Incursion	Fresh cut flowers	Tarlee, South Australia	Declared not eradicable in 2016
